

DAS CERTIFICATE TRAINING

Who is this training for?

- DAS installers - *certification*
- System integrators - *certification*
- RF Engineers
- Avari® Wireless technical customers

Why do this training?

- DAS Certification training is required as part of NFPA compliance

Training Learning Objectives

- Introduction to Avari® Wireless and Digital DAS for ERRCS applications
- Understand the Avari® VitalLink™ Series RF distribution products and solution
- Design using the Avari® VitalLink™ Series iBwave components
- Learn how to install the Avari® VitalLink™ Series equipment and digital remotes including mounting and cabling
- Understand the commissioning process using the web application
- Understand system operations and maintenance
- Understand NFPA alarm connections and monitoring
- Learn the principles of headend redundancy and fail-over operation

LESSONS

- **Lesson 1:** About Avari® Wireless and the VitalLink™ Series
- **Lesson 2:** iBwave design using the Avari® VitalLink™ Series
- **Lesson 3:** Installation requirements
- **Lesson 4:** VL-DMU™ / VL-DU™ installation
- **Lesson 5:** VL-DMU™ Cabling
- **Lesson 6:** VL-AMU™ / VL-RU™ chassis installation
- **Lesson 7:** RF and Ethernet cabling for remote units
- **Lesson 8:** VL-EM™ installation
- **Lesson 9:** System startup and verification
- **Lesson 10:** Web application introduction
- **Lesson 11:** Commissioning
- **Lesson 12:** System gain configuration
- **Lesson 13:** Operations and maintenance
- **Lesson 14:** NFPA system monitoring
- **Lesson 15:** Headend redundancy and failover
